Comprehensive Faculty Guide, Capstone Proposal Workflow & Administration Manual

Academic Year 2026 – 2027

Faculty Supervisory & Review Portal

Version 2.4 • Confidential

1. Introduction to Faculty Capabilities

The **Student Engineering Project System (SEPS)** equips faculty members and capstone coordinators with an intelligent administrative dashboard to propose research topics, evaluate student applicant teams, enforce quota limits, and resolve academic change requests.

Figure 1.1: SEPS Landing Page with faculty access.

2. Faculty Authentication & Account Access

Faculty members sign in using their official institutional email address (e.g., `sangeetm@srmist.edu.in`) and assigned 8-digit numeric PIN or confidential password.

3. Teacher Dashboard Overview

The **Teacher Dashboard** serves as the central command console for all supervisory duties, summarizing project proposals, pending applications, and approved groups.

Figure 3.1: Teacher Dashboard displaying metric cards, deadline banner, and active projects.

Key Dashboard Components:

- **Central Capstone Deadline Banner:** Displays the institutional cutoff date for student team submissions.
- **Coordinator Controls:** Direct access to *Set Global Deadline* and *Statistics Report* for designated department convenors.
- **Project Quota Tracker:** Real-time counter showing active versus allocated proposals.

4. Proposing & Uploading Capstone Topics

Faculty can propose innovative projects aligned with departmental research interests or funded laboratories.

Teacher Dashboard
Welcome, **Dr. M. Sangeetha**

CENTRAL CAPSTONE DEADLINE
Final date for student team formation and application submissions
Sep 25, 2026

Upload a New Capstone Project
Propose capstone topics with eligible streams for prospective student teams
2/2 Projects Created

New Project Submission
Specify topic details, research domains, and eligible streams
Faculty: Dr. M. Sangeetha

PROJECT TITLE
e.g., Real-time EMG Signal Analysis with Edge AI

DESCRIPTION & SCOPE
Provide a detailed description of the project problem statement, methodology, and requirements...

ELIGIBLE STREAM(S) Comma-separated (e.g. CSE, ECE)
e.g., ECE, CSE or Open to All

RESEARCH & TECHNICAL DOMAIN
Select Domain

Max Limit Reached (2 Projects Maximum)

Figure 4.1: Collapsible Project Upload Form with stream selection and technical domain tags.

Project Proposal Fields:

- **Project Title:** Concise, formal academic title.
- **Technical Abstract:** Detailed statement outlining problem context, required hardware/tools, and expected outcomes.
- **Allowed Streams:** Multiselect filter for department streams (e.g. *ECE Core, Cyber Physical Systems, Data Science, All Streams*).
- **Domain Category:** Approved IEEE disciplines (e.g. *AI/ML/DL, Embedded Systems & IoT, Wireless Networks*).
- **Sanctioned Team Size:** Maximum number of students permitted (typically 1 to 4 members).

5. Reviewing Applications & Team Allocation

When prospective student teams apply, click **View Applications** on your project card to access the candidate queue.

Figure 5.1: Applications Review portal displaying student CGPA, skills, and proposal pitch.

Candidate Evaluation & Actions:

- **Reviewing Academic Credentials:** Inspect member CGPAs, LinkedIn profiles, and cloud resumes.
- **Cohort Track Check:** Ensure applicant cohort fits your laboratory mode (Regular On-Campus vs Corporate Internship).
- **Accept Team:** Officially locks the team to your project, updates status to **Allocated**, and notifies members.
- **Decline Application:** Rejects proposal, freeing students to seek alternative guides.

6. Managing Teams & Dispute Resolution

Monitoring Allocated Teams (My Teams)

Access `/teacher/my-teams` to track milestones, documentation uploads, and contact details for all groups under your supervision.

Figure 6.1: My Teams portal detailing members and milestone schedules.

Grievance & Change Ticket Resolution

Review and resolve student-submitted guide transfers, team splits, and project modifications at `/teacher/tickets`.

Figure 6.2: Teacher Tickets resolution console with review actions.

7. Coordinator Controls & Profile Settings

Setting Central Deadlines

Designated coordinators can configure the departmental application cutoff at </teacher/set-global-deadline>.

A screenshot of a web interface titled "Set Global Application Deadline". It features two input fields: "Current Deadline" with the value "2026-09-25" and "New Deadline" with a placeholder "dd-mm-yyyy" and a calendar icon. Below these fields is a blue button labeled "Update Deadline".

Set Global Application Deadline

Current Deadline

2026-09-25

New Deadline

dd-mm-yyyy

Update Deadline

Figure 7.1: Centralized calendar interface for configuring allocation deadlines.

Departmental Statistics Report

Track overall allocation percentages and domain distribution charts at </teacher/statistics-report>.

Figure 7.2: Department-wide statistics and accreditation audit report.

Faculty Profile & Cabin Info

Keep your research interests, lab cabin number, and contact info updated at </teacher-profile>.

8. Complete Teacher Feature & Button Encyclopedia

Screen / Area	Button / Feature	Type	Action Triggered & Behavior
Global Navbar	My Teams	Button	Navigates to <code>/teacher/my-teams</code> to manage active student groups.
Global Navbar	Tickets	Button	Opens <code>/teacher/tickets</code> with pending review badge counter.
Global Navbar	Profile	Button	Navigates to <code>/teacher-profile</code> to update cabin and research interests.
Global Navbar	Logout	Button	Ends faculty session and returns to login gate.
Dashboard	Upload Capstone Project	Banner Toggle	Expands/collapses the new project creation form.
Dashboard	Set Global Deadline	Button (Coordinator)	Opens institutional registration window calendar.
Dashboard	Statistics Report	Button (Coordinator)	Opens department analytics and audit metrics.
Project Card	View Applications	Action Button	Opens the candidate queue for that specific project.
Project Card	Edit Project	Button	Opens dialog to modify project title, description, or stream tags.
Project Card	Delete Project	Button	Prompts confirmation to permanently remove unallocated proposal.
Applications Review	Accept Team	Button (Green)	Finalizes allocation, locks project, and notifies students.
Applications Review	Decline Application	Button (Red)	Rejects proposal and frees students to apply for alternative projects.
Statistics Screen	Export to PDF	Button	Generates an accreditation-ready PDF audit summary.

9. Frequently Asked Questions & Guide Best Practices

Q1: Can I guide more than two capstone teams?

The department sets a supervisory ceiling of two student groups per faculty member to ensure adequate mentorship quality. Exceptions for industrial collaborations must be approved by the HOD.

Q2: Can I edit project requirements after publishing?

Yes, as long as the project is not yet locked to an accepted team. Once allocated, scope changes must be processed through the formal change ticket system.

Q3: What happens if a team member withdraws mid-semester?

The team leader should raise a Team Reconstitution ticket through the Ticket Tracker for endorsement by the Faculty Advisor and HOD.
